PROFESSIONAL PROFILE

Software Development student with solid foundations in Java and sound engineering practices. I apply my logical-mathematical background to build clean, structured, and maintainable code. I am seeking a professional opportunity to apply my Object-Oriented Programming (OOP) skills and contribute to the development of technological solutions.

EDUCATION

2024 - 2027	Associate Degree (TSU) in Software Development and Digital Business at Tecnológico de Software <i>Relevant Coursework: Java, OOP, Databases, Spring Boot.</i>
2024 - 2025	High School Diploma (senior year) at Preparatoria Modelo

LEADERSHIP AND SOFT SKILLS

IEEE Member	Active member of the IEEE Student Branch - Tecnológico de Software. Participation in academic events and development of teamwork , effective communication , and leadership skills.
Competencies	Logical problem solving, Analytical thinking, Adaptability, Empathy.

ACADEMIC PROJECTS

Buildathon "Happ3n" — 1st Place *(4-hour Event)*
Agile development of a technological solution in a team under time constraints, hosted by Tecnológico de Software. 1st place among participating teams.

DojoFlow [Source Code](#)
Centralized business-flow management system for a martial arts academy in Mérida, Yucatán. Built with C# and HTML/JS, deployed on AWS.

My Web Portfolio [View Demo](#) · [Source Code](#)
Personal website featuring projects, certifications, and contact sections. Deployed on Vercel, with version control via Git and GitHub.

TECHNICAL SKILLS

Programming	Java, Python, C#
Tools	Git, GitHub, PostgreSQL, AWS
Concepts	OOP, Spring Boot, Data Structures, SQL
Languages	Spanish (Native), English (A2)
